SKILLS

- C++, Python
- Web Development (HTML, CSS, JavaScript)
- Proficiency in data analysis tools such as Excel

EDUCATION

BACHELOR OF COMMERCE - COMPUTER APPLICATION

AVS College of arts and science

2019 - 2022

HSC

Attur govt boys HRS SEC School

2018 - 2019

LANGUAGE

English

Tamil

HOBBIES

- Participate in competitive programming on platforms such as Codeforces and CodeChef to improve problem-solving and coding skills.
- Learning about new technologies and industry trends

EXPERIENCE

PYTHON AUTOMATION DEVELOPER

Infosys

2022 - Present

- Developed and maintained automated browser tests using Python Selenium to meet client requirements.
- Troubleshoot and debugged test failures to identify and resolve issues in a timely manner.
- Stayed up-to-date with industry best practices and emerging technologies to continuously improve test automation processes.
- Participated in project planning and estimation to ensure timely delivery of high-quality software.

PROJECTS

- **Pong Game:** Developed a Pong game using Python and the Turtle library.
 - Implemented game logic and user controls using Python.
 - Used the Turtle library to create graphics and animations.
- **Voice Assistant:** Created a voice assistant using Python, pyttsx3, and speech recognition.
 - Used pyttsx3 to implement text-to-speech functionality.
 - Integrated speech recognition to enable voice commands.
 - Designed and implemented a user interface using Tkinter.

PROFESSIONAL DEVELOPMENT

- Participated in a webinar on "Roadmap from Beginner to Top-Rated Coder" on Coding Platform
 - Learned about best practices and strategies for improving coding skills and advancing in the field.
 - Gained insights into the latest trends and technologies in the industry.
